Instructions

1. Start by adhering the So Saffron card stock to the front of the card base.
2. Take the 1" by 5" piece of Whisper White and attach it to the 1¼" by 5" piece of Sahara Sand, keeping it centered. This is the Sentiment Banner. (Step 2 photo)
3. Flip the Banner over, and position the Banner on the 3⅞" inch by 5⅜" piece of Whisper White along an angle across this piece in a manner that is pleasing to you. Take a pencil and *lightly* draw a line along the top and bottom of Banner. This is so you will know where to stamp the flowers and where to permanently attach the Banner to the front of the card. Set the Sentiment Banner aside for now. (Step 3 photos 1 & 2)
4. Using the large single flower from the stamp set, stamp one flower in Peekaboo Peach just off the center of the penciled diagonal line *above* the penciled line (it is okay to stamp some parts below this line, but you want to keep the most visible part of the image above it). Stamp off *once* and stamp a second flower image next to the first one. Flip card stock upside down, and repeat this step. See the completed card for placement if you're not sure). Take the single petal stamp and the full leaf stamp and stamp as shown, being sure to stamp off *twice* before you stamp the petal and *once* before you stamp the full leaf. Taking the smallest stamp (for the inside of the flower), stamp in the center of the flowers in Sahara Sand ink. Leaving enough of a mark so you can place the banner correctly, *gently* erase the diagonal lines from the stamped Whisper White card stock. Set aside for now. (Step 4 photo)

5. Take the Sentiment Banner wrap the Crushed Curry Baker's Twine around the bottom of the banner, going around twice and tying in a bow.
6. Attach the Sentiment Banner to the Whisper White card stock, placing it over the area of the lines you previously penciled in. (In the photo, I placed the right side of the banner about 1¼" down from the right side top of the paper, and the left side of the banner is about 2¼" down from the left side top of the paper). Take your Paper Snips and trim off the ends of the Banner that hang off the stamped card stock. (step 6 photos 1 & 2)
7. Using the "Happy Birthday Wishes" sentiment, stamp in Tip Top Taupe on the previously attached Sentiment Banner, being sure to center your image on the card stock. (step 7)
8. Embellish the Banner with the smallest pearls from the Pearl Basic Jewels package.
9. Finish the card by adhering the stamped Whisper White card stock piece to the card base, centering it on the So Saffron card stock.
