

Project Tutorial

Circle of Spring

Project Supplies

STAMPS

Circle of Spring, Hardwood

PAPER

Whisper White Thick Card Stock, scraps of Flirty Flamingo and Emerald Envy

INK

Crumb Cake, Emerald Envy, Flirty Flamingo, Peekaboo Peach, Sweet Sugarplum

ACCESSORIES

Pearls Basic Jewels, Metal Rimmed Pearls

ADHESIVES

Fast Fuse, Stampin' Dimensionals

TOOLS

Wondrous Wreath Framelits, Lots of Labels Framelits, Magnetic Platform, Big Shot Die Cut Machine, Blender Pens, Protractor, Paper Snips, Pencil

Measurements

Card Base: Whisper White thick card stock: 4-1/4 inch by 11 inch, scored at 5-1/2 inch (standard side fold card base)

Instructions

- First you will stamp the wreath from the Circle of Spring stamp set onto a piece of Whisper White Thick card stock using Emerald Envy ink. Using magnetic platform (or taping pieces to secure them) cut out the wreath using the Wondrous Wreath framelits wreath dies.
- Using a piece of Emerald Envy card stock and the Wondrous Wreath dies, cut out a wreath (you will not be stamping this piece).
- Stamp the sentiment from the Circle of Spring set on a piece of Whisper White Thick card stock using Emerald Envy ink. (There are several other nice springtime sentiments in this set, so you could use any of them with this card). Cut out the sentiment using the second smallest die from the Lots of Labels framelits.
- Cut out a label using a piece of Emerald Envy with the same die you used to cut the sentiment in the previous step. You will not be stamping this piece.
- Then attach the finished sentiment to the Whisper White piece with the rounded edges using your adhesive.
- Ink up the Hardwood stamp with the Crumb Cake ink and stamp the front of the card base. Using a protractor or other curved shape, trace a round edge on the top of the card base using a light pencil. With your Paper Snips, cut along your pencil line

to round off the top of the card. Use an eraser, if needed, to remove any stray pencil marks.

- Using Blender Pens and the Emerald Envy, Flirty Flamingo, Sweet Sugarplum, and Peekaboo Peach inks, color in the wreath that you previously stamped on the Whisper White Thick card stock, in any combination you find pleasing.
- Use Pearls Basic Jewels on the centers of the open flowers, as shown.
- Adhere the colored-in wreath to the Emerald Envy wreath using Stampin' Dimensionals, offsetting the top one for some added interest.
- Using a piece of Flirty Flamingo card stock and matching ink, stamp the bow from the Circle of Spring stamp set and die cut using the Wondrous Wreath coordinating die. Attach to the finished wreath as shown.
- Adhere the completed wreath to the front of the card with Fast Fuse. Attach a large Metal Rimmed Pearl to create the "doorknob."
- Take the Emerald Envy label you cut out earlier and using your Paper Snips, cut the label in half. Using Fast Fuse attach these two pieces to either end of the Whisper White Thick card stock label you used for the sentiment. Attach to the bottom right corner of the card.
