Share What You Love Artisan Pearls; Clear Stampin' Emboss Powder; Embossing Buddy

Adhesives

Snail; Multipurpose Liquid Glue; Multipurpose Adhesive Sheets; Stampin' Dimensionals

Tools

Heat Tool; Stampin' Trimmer; Big Shot; Stamparatus

Measurements

- Basic Black (2 pieces): 2 ¼" x 5"; 2½" x 2½"
- Nature's Poem Designer Series Paper: 2" x 5"
- Tranquil Tide Card Stock: 3" x 3"
- Very Vanilla Card Stock (2 pieces): 1⅞" x 1⅞"; scrap piece for stamping, embossing, and die-cutting butterfly

Instructions

1. Begin by adhering the panel of Nature's Bloom Designer Series Paper to the panel of Basic Black card stock. Adhere that completed panel to the front of the Delightfully Detailed Note Card.
2. Cut a 3" x 3" piece of the Multipurpose Adhesive Sheet, peel, and stick to the underside of the Tranquil Tide card stock of the same size. Using the larger of the two detailed squares from the Stained Glass framelits, place on top of the Tranquil Tide card stock and die cut.
3. Peel off the liner of the adhesive sheet from the back of the Tranquil Tide die-cut piece and adhere to the square of Basic Black card stock.
4. Using the Very Vanilla card stock pieces, stamp the sentiment on the square piece (which you will turn so it looks like a diamond) and the butterfly on the scrap piece using the Stamparatus and Basic Black ink.
5. Take the Embossing Body and run it over the two pieces of Very Vanilla.
6. ** Clean your stamps without removing them from the Stamparatus and leave your stamped images alone. Now take the VersaMark™ pad and re-ink the stamps and re-stamp the images. Feel free to re-ink and re-stamp more than once. **
7. Sprinkle the card stock pieces with clear embossing powder and set using the heat tool.
8. Spread liquid glue inside the Tranquil Tide square and attach the sentiment you just embossed.
9. Place the Artisan Pearls in the corners and underneath the sentiment as shown.
10. Using Stampin' Dimensionals, position the Sentiment shape centered on the front of the card, over the previously attached Designer Series Paper.
11. Die cut the embossed butterfly and color with the Stampin' Write markers. Attach to the sentiment square with Stampin' Dimensionals.

Hey, guess what? You just made a card!!
