Instructions

1. Cut and score all ten cardstock bases in Whisper White.
2. Cut (10) 2 $\frac{7}{8}$ " squares of Fresh Florals paper, 2 squares of each color (5 colors in pack)
3. Cut 1 $\frac{1}{4}$ " from each square. Now mix and match the pieces of each color, as shown in the additional photos.
4. Attach 2 mismatched pieces to the 10 card bases (both pieces will be 2 $\frac{7}{8}$ " wide; one will be 1 $\frac{5}{8}$ " long, the other piece will be 1 $\frac{1}{4}$ " long). Adhere with Fast Fuse. Do this for all 10 card bases.
5. Using the pieces of cut Wood Textures paper (2 $\frac{7}{8}$ " x $\frac{1}{4}$ ") and multi-purpose glue, adhere each piece across the top of the smaller piece of Fresh Florals paper on the card base. See additional photos for placement.
6. Stamp desired sentiments from the Wood Words stamp set onto the scrap pieces of Whisper White cardstock, leaving room around each sentiment for die-cutting. Stamp 2 sentiments in each of the 5 In Colors.
7. Die cut around each of the 10 sentiments with the Tag Die.
8. Using scraps of Wood Textures paper, die cut 10 tags with the Tag Die.
9. For each card take a piece of linen thread and wrap it 3 times around the card base just above the strip of Wood Textures paper strip and knot once; string one Wood Textures and one stamped Whisper White tag onto linen thread and then knot a second time. Cut thread ends as desired.
10. Adhere one Metal Rimmed Pearl on each card base, as shown.
11. Using the crate from the Wood Crate Framelits make 2 cuts from Wood Textures Designer Series Paper. Fold along score lines and adhere with Fast Fuse on sides and bottom panel.
